

## Chittenden County Homeless Alliance

**Motion:** To start a Facebook page for the Chittenden County Homeless Alliance.

**Value:** The value of a Facebook page is that it reaches a broad swath of the population, from members of the homeless community to community partners, etc. Also, people who do not have Facebook accounts will be able to view our page.

**Purpose:** Education and outreach regarding the activities and efforts of the CCHA. It will connect people to our events, our website, and learning more about us in general.

**Who is Responsible:** It is recommended that the CCHA coordinator (Paddy Shea) be designated as the administrator of the page, and others designated by the co-chairs.

**What can be Posted:** Information about CCHA quarterly meetings, monthly steering committee meetings, standing subcommittee meetings, and ad hoc committee meetings, and any events directly associated with the alliance such as the Here to Help Clinic. Also, any official CCHA press releases, and any documents approved for public distribution by the Steering Committee or the Executive Committee.

**Other:** Items that don't fit into the categories above must get approval by the co-chairs.

**Public Comment:** At this point, we recommend that the page be closed to comments.
