## ABOUT US

The Chittenden County Homeless Alliance is a partnership of many different people and organizations, working together to make homelessness rare and brief.

The CCHA brings together dozens of service providers, and others, for strategic planning and working to ensure that people experiencing homelessness in our community have access to all of the programs & services they are eligible for.

## JOIN US!

## WHAT WE DO

### Strategic Planning

Chittenden County Homeless Alliance members have worked together for years to develop a strategic plan which envisions a community where homelessness will be virtually nonexistent. We are now putting this plan into action. We welcome your help to tackle this challenging and rewarding work!

### Coordinated Entry

The CCHA is implementing a system of “coordinated entry” to ensure that anyone who experiences homelessness in our community can easily get connected to all resources and help that they are eligible for.

### Distribute Funding

The CCHA is the entity that applies for federal funding to address homelessness within Chittenden County, Vermont. Any awarded funds are distributed between various local groups, as determined by an application and ranking process.
